GLASTOP MAKES BROKEN GLASS SAFE

'INSTANTLY' 

AT HOME AND IN THE WORKPLACE

Glastop Emergency repair film provides an instant temporary repair which can be easily and effectively carried out in only a few minutes, with the minimum of disruption. No special training or tools are required. Glastop is particularly effective as a temporary repair of sealed units which may take weeks to manufacture and replace.

AN ESSENTIAL PART OF EVERY
BUILDING'S TOOLKIT

WARNING Glastop Emergency Film is temporary and must not be considered as a permanent repair.

IT'S SO EASY..

Cut

1. CUT FILM TO
COVER DAMAGE

Apply

2. APPLY FILM &
SMOOTH OUT

Repair

3. FINISHED REPAIR
IN MINUTES

Glastop is a high quality clear heavy duty polyester film with a specially formulated powerful adhesive system protected by a quick release silicone paper liner. For ease of measuring and cutting, the release paper has a printed graduated grid.
